TEMBO

Amboseli, Land of Giants - 3 days 2 nights

Day 1 Nairobi > Amboseli National Park

Day 2 Amboseli National Park

Day 3 Amboseli > Nairobi

Loxodonta Africana - African Elephant - Tembo - Amboseli National Park

Amboseli National Park, at the foot hills of Kilimanjaro, the highest mountain in Africa topping 5895m, is a spectacular back drop to a diversity of adjacent ecosystems: marsh and swamps, open plains and savannah, acacia woodlands and Lake Amboseli, sometimes a dry lake, sometimes a lake. Here, at times, you can see a herd of antelopes, or a majestic giraffe strolling across the lake, their shadows dissolving into a mirage battered by dust devils. The mesmerizing splendor of this strange almost barren landscape at moments seems to suit fine the rhythmic pace of a herd of elephant roaming from the swamps through the dry lake to small acacia thicket. This diversity of mini ecosystem is somehow a haven to hundreds of bird species as well as to mammals from big to tiny.

Amboseli remains a little jewel location, a paradise with a high concentration of wildlife and a great park for dusty game drives from dawn to dusk.
