The For Rangers Ultra is a 230km ultra-marathon run in partnership with Save the Rhino International, For Rangers and Beyond the Ultimate across five wildlife conservancies in Kenya: Lewa, Borana, Lolldaiga, Ol Jogi and Ol Pejeta. These are some of the most protected and exclusive places on Earth. Places at the forefront of the fight against illegal poaching which are also possessed of some of the most beautiful grasslands in all Africa. All profits go directly into initiatives which help to improve the welfare of the brave Rangers who stand guard over our world's beautiful wildlife.
